SSM Motorcycle Training Courses

Riding a motorcycle requires a whole new set of safety skills to avoid a mishap or collision. Whether you're a seasoned rider or just learning, SSM's motorcycle training courses provide valuable information to help you stay safe.

21 Hour Course

8 Hour Course

- ▲ This is an 8 hour session intended for the motorcycle operator that has riding experience, however, previous motorcycle experience is not required. This course is not as comprehensive as our 21 hour program.

Our courses are developed by motorcyclists for motorcyclists. Whether you are a beginner or experienced rider, ride for transportation or ride for recreation, our courses will help you develop:

- ▲ Safe riding strategies
- ▲ Defensive riding skills
- ▲ Emergency techniques

Our instructors are experienced riders and qualified motorcycle safety trainers.

SSM's motorcycle training courses are recognized by Manitoba Public Insurance and qualify you for your Class 6 (Motorcycle) licence. **A Valid 6M motorcycle license is required prior to registering for either the 21 hour or 8 hour course.** You must pass a written knowledge test to obtain your 6M license. Contact Manitoba Public Insurance for details.
