# Transportation of Dangerous Goods – Air

- ➔ One day course
- ➔ Earn your TDG – Air Certificate
- ➔ Meet all legal requirements

## Get certified to ship dangerous goods by air in one day

Do you know the regulations for shipping dangerous goods – and what qualifies as a dangerous good? Transportation of Dangerous Goods (TDG) covers explosives, gases, flammable liquids and solids, toxic substances, corrosives and more. Safety Services Manitoba’s TDG – Air course will equip your employees to prepare air shipments that meet all legal requirements.

### Upcoming Dates for TDG – Air

**When:** March 8-9, June 12-13

**Location:** SSM, 3 – 1680 Notre Dame Avenue, Winnipeg

**Fee:** \$390

**Prerequisites:** ICAO regulations, TDG – Ground

**To register:** Call (204) 949-1085. Or ask about a customized TDG – Air course just for your employees!

**Note:** TDG Air certification is good for 2 years.

### Topics covered include:

- ➔ Review of ICAO regulations and applicability
- ➔ Requirements of Canadian TDG
- ➔ Completing shippers’ declarations
- ➔ Packaging and labeling requirements
- ➔ Legal training requirements
- ➔ Course does not cover transportation of radioactive goods
