Mr. Mike Waite
Safety Services Manitoba
#3-1680 Notre Dame Ave.
Winnipeg, MB R3H 1H6

Dear Mr. Waite,

On January 14, 2008, it was our privilege to have Mr. Wally Makowski address our Grade 6 to 8 students on snowmobile safety. Wally did a great job of captivating their interest and attention. His story - telling approach was very effective.

As a school, it is important to educate our students about snowmobile and A.T.V. safety. These students learn to enjoy these activities with safety in mind.

We look forward to Wally's presentation on A.T.V. safety. We have scheduled him to speak to our students on March 20. These presentations are very informative and should be available to all schools, especially in rural areas.

Thank you for sponsoring this program.

Yours truly,

Dave Schmidt
Principal
