Mr. Mike Waite
Safety Services Manitoba

Wally Makowski

On behalf of the students at Ashern Central School, I would like to thank Wally Makowski for presenting on snowmobile safety.

The students were very interested in what Wally had to say about the importance of safety and common sense when ski-dooing. The information that was presented was relevant and the students could easily relate to the stories that were told to them.

Living in a rural community where snowmobiling is a favorite winter hobby, your commitment to providing educational services regarding this is greatly appreciated.

Again, thank you very much from all of us at Ashern Central School and we look forward to Wally's return.

Sincerely,
Memory Halldorson
Grade 5 teacher
