

Safety starts in the community.

SSM works with community groups and corporate sponsors to host events that promote everyday safety and injury prevention.

Operation Red Nose

A free, volunteer-run service that gives drivers a safe ride home in their own vehicles when they've enjoyed a few holiday "spirits." Donations are accepted and support sports and community organizations. ORN runs in ten Manitoba communities each holiday season. SSM is the provincial host.

Steps for Life

An annual walk to raise funds for Threads of Life, a national organization that provides support for families of workers affected by serious workplace injuries, illnesses and fatalities.

ATV & Snowmobile Safety Presentations

SSM offers free ATV and snowmobile safety presentations to community and school groups across Manitoba.

Work with SSM to promote safety!

SSM sponsors select community safety events that match its vision, core purpose and core values and which:

- Include a safety education component;
- Provide value to our key stakeholders; and,
- Provide a promotional, financial or programming benefit to SSM that is comparable to the requested support (both staff and financial resources).

Contact Donna Wilkie at **204.949.1085** or dwilkie@safetyservicesmanitoba.ca to discuss sponsorship opportunities.

Preventing loss, protecting people since 1964

For more information about our vision, core purpose and values, visit us online and find our business model under "About SSM."
